POWERING TEXAS
Oncor Electric Delivery

Autry Warren
Vice President of Market Relations
Oncor | Company Overview

- CEO: Allen Nye
- Headquarters: Dallas, Texas
- ~16,000 miles of transmission lines; ~121,000 miles of distribution lines
- ~3.6 meters; territory serving population of ~10M; total rate base of $12.6B
- Deployment of smart grid across system in progress; year 4 of 10
- Lowest delivery rates of any investor-owned utility in Texas

Oncor’s goal is to be the premier electric delivery company in the U.S.
Overview

- Oncor has proudly served Texas for 100+ years.
- In 2002, Senate Bill 7 deregulated the Texas electric market and Oncor was created.
- Our 3,900 employees help deliver electricity to more than 10 million Texans in over 400 cities and 120 counties.
Oncor | Texas Market

Service Territory Overview

- 10th largest economy in the world | 2nd largest economy in the U.S.
- 2% premise growth; 1.5% load growth; Texas growing by 1,000 people per day. Currently power 3.6 million meters.
- Dallas-Fort Worth is the largest growing metropolitan area in the nation.
- Oncor serves 4 of the top 10 fastest growing counties in the U.S.; 6 of the top fastest growing cities in the U.S.
- Texas leads the nation in wind generated power. The Competitive Renewable Energy Zones (CREZ) project has improved transmission of wind power to Oncor’s grid.
Oncor | Customer Initiatives

Program Overview

• Career Day, Touch-A-Truck, Arcing Demo and Super Safe Kids Roadshow teaches thousands of children and families the importance of electric safety.

• Weather Current provides up-to-date forecasts, severe weather alerts and timely safety information to keep customers informed about potentially dangerous conditions in our service territory.

• The MyOncor app gives customers the ability to report outages, manage new service requests and receive news updates.

Learn more at Oncor.com.
Every year, Oncor launches its Take A Load Off Texas (TALOT) programs with a multimillion-dollar budget allocation, approved by the Public Utilities Commission of Texas (PUCT).

TALOT has helped more than 250,000 customers reduce their energy usage, creating a more comfortable home and improving business operations.

Retail Products program works participating retailers to give consumers a break when they buy qualifying ENERGY STAR® rated LED light bulbs and smart thermostats.
Thank you.
